TIPA International Fragrance Association Training Program

IFRA Compliance

The International Fragrance Association (IFRA) have far reaching activities including producing IFRA Standards which contain ingredients limits, specifications and prohibitions. Additionally IFRA have a Code of Practice, produce guidance documents and position papers and organise scientific and regulatory committees globally and regionally. Complying with the IFRA Code of Practice is a pre-requisite to IFRA membership and is regularly requested by fragrance clients. IFRA compliance starts with a good understanding of the Code of Practice and an in depth appreciation of the IFRA limits and calculations and how they to apply them.

IFRA Training

The aims of this training course are to provide background information and detailed technical information and guidance to give a good understanding of the IFRA guidelines and enable you to undertake appropriate IFRA calculations and prepare IFRA certificates. The course professionally explores terms and techniques relating to IFRA and the application and management of IFRA information through the following chapters:

Chapter 1 The International Fragrance Association

Chapter 2 Skin Allergy & IFRA QRA

Chapter 3 Phototoxic & IFRA Limits

Chapter 4 Systemic Limits & IFRA

Chapter 5 Other IFRA Considerations

Chapter 6 IFRA Results & Updating

Chapter 7 IFRA Certificates
